RESPONSIBILITIES

- Frontend: HTML, SCSS, ReactJS (Redux Toolkit, React Boostrap, Axios, Formik,..).
- Backend: Spring Framework (Spring Web, Spring Security,...), Hibernate.
- DBMS: MySQL.
- Tool: Visual Studio Code, Eclipse, Postman, Git,...

WORK EXPERIENCE

Co May Dormitory

07/2021 - 05/2023

FULLSTACK WEB DEVELOPER (REMOTE PART-TIME)

During my university studies, I resided at Co May Dormitory and actively participated in the development of two websites alongside my colleagues from the dormitory. The websites I contributed to are:

• Website: https://ktxcomay.com.vn/

Description: Collaborated with a team of developers to design and develop the website for Co May Dormitory. Contributed to the front-end development, ensuring a user-friendly interface and seamless navigation. Worked closely with the team to integrate necessary functionalities and optimize the website's performance.

• Website: https://cmd.ktxcomay.com.vn/

Description: Took part in the construction of the CMD website for managing work within the Co May Dormitory. Involved in the full-stack development process, from designing the database schema to implementing back-end functionality and creating APIs. Collaborated with the team to ensure the website met the requirements and provided a smooth user experience.

ACTIVITIES

07/2022 - Now

CO MAY DORMITORY

Leader IT Team

- Managed the card swiping system for student access within the dormitory, ensuring smooth operations and efficient entry and exit processes.
- Oversaw the camera system, monitoring and extracting footage when necessary to maintain a secure and safe environment.
- Administered the CBS platform (https://canhbaosom.com/)
- Managed and maintained IT equipment within the dormitory, ensuring proper functioning and addressing any technical issues promptly.
- Provided technical support to students, assisting with laptop repairs and troubleshooting to facilitate their academic activities within the dormitory environment.

SKILLS

FRONTEND

HTML, SCSS, Bootstrap, TailwindCSS, JavaScript, ReactJS,...

BACKEND

OOP, Java, RESTful APIs, Spring Framework (Web, Security, JPA,...).

DBMS

MS SQL Server, MySQL.

Tool

VSCode, Eclipse, Postman, Git,...

CERTIFICATIONS

05/06/2023

R2S Certificate Java Backend Developer.

15/05/2023

Fundamentals of Digital Image and Video Processing
